

THE ARIZONA SILVER BELT.

OFFICIAL PAPER OF GILA CO.

Saturday, September 13, 1900.

Entered in the Post Office at Globe, as second-class matter.

LOCAL NEWS.

A variety of writing tablets for sale at the Post Office Store.

Alfred Trippel from Arizpa spent a few days in Globe this week.

J. W. Wentworth has opened a law office in the Swayze building, Broad street.

Go to A. Bailey & Co. for double seamed riveted blue overalls, only 75 cents a pair.

Samuel Morton is expected back in a few days from a protracted visit to California.

A "nest" of new lock-boxes for the Globe post office have been shipped from Chicago.

Mrs. M. I. Dobie and children left on Thursday's stage for San Francisco where they reside.

A few suits of ready made clothing at bed rock prices at G. S. Van Wageningen's.

A desert land patent has been issued to Edmund Keeton, for his ranch on Salt river, Gila county.

James I. Kinkaid left for San Francisco, on Thursday, to introduce a mine windlass of which he is the inventor and patentee.

George Wilson and Grant Allison returned from Tonto on Wednesday with a pack train purchased for the Quartz Mining Company.

J. C. Ogden and family have moved to Kingman, and occupy the cottage east of Judge Murphy's residence. — Mohave Miner.

The Gila river, at San Carlos and Riverside, was impassable to teams for two or three days early in the week. It is now fordable.

The church edifice lately purchased by the Catholics of Globe, is being put in thorough repair, and will soon be dedicated to divine worship.

Pack trains brought in over 20,000 pounds of ore from the Rescue silver mine early in the week. It will be shipped to Denver in a few days.

Mr. and Mrs. Charles Schulze request us to return their heartfelt thanks to the friends who so kindly assisted them in their great bereavement.

The Consolidated Bank of Tucson will pay the highest price for Gila county warrants, either in cash or in San Francisco exchange.

Eastern mails detained by washouts east of Casa Grande arrived on Wednesday and Friday. They were among the largest ever received at the Globe office.

Choice candies just received at the Post Office Store.

Ned Howard was severely bruised, on Tuesday at Richmond Basin, by some waste rock falling on him. No bones were broken, but he is too sore to be moved to town.

We have a large line of white dress goods that must be sold, regardless of cost, to make room for winter stock. No trouble to show goods.

A. BAILEY & CO.

Hon. George W. Cheney left for Tombstone on Monday, via San Carlos. During his few days' stay in Globe he met many of our people, whom he impressed most favorably.

Adolph Haag has sent for two Acromotor windmills, a 12-foot wheel for his large vineyard, and an 8-foot wheel for use at his home place. The Acromotor is preferred to all other windmills here.

Joe Henry, Bud Woodson, Wm. Gill, Joe Brewster and Tommy Moyle were down from Richmond Basin this week. They are of one accord in pronouncing the mining outlook at the Basin as most favorable.

William Roberts, the man who shot Cross at Fort Grant has given \$5000 bond and is now at large. William Teller, L. M. Woods and Mr. Moyer are sureties. The facts show the case not bailable.

The detention of coke teams is very annoying to the Buffalo Mining Company which is only awaiting the arrival of fuel to blow in their furnace. They have an abundance of ore ready to smelt and the mine looks remarkably well, we understand.

Mart Moore's big teams are on the way here from Wilcox, loaded with two 60-horse power boilers for the Old Dominion Copper Co., to increase the pumping capacity at the mine. They have been delayed several weeks by washouts and bad roads.

After a brief illness the Old Dominion Copper Company resumed operations at mine and smelter yesterday. One furnace was blown in and a second will be started within a few days. Coke teams delayed by bad roads are moving all along the line and will be arriving in numbers next week.

PROCEEDINGS OF THE DEMOCRATIC COUNTY CONVENTION.

The Democratic County Convention convened in Globe, September 6th. Alexander Graydon, Chairman; C. Sawyer, Secretary.

Committee on Credentials—R. B. Moore, W. T. McNelly and U. Z. Curtis.

Committee on Resolutions—E. Kenton, John D. Boyd, M. F. Callahan, S. C. Heineman and Alfred Kinney.

Committee on Rules—A. A. Pickard, L. Sultan and J. Fredericks.

The Committee on Credentials reported. (Names of delegates published in our issue of Sept. 6th.)

PLATFORM:

The Democrats of Gila County in Convention assembled reaffirm their allegiance to the Democratic principles as promulgated by our great party leaders.

We favor the free coinage of silver. We favor the continuation of the Chinese Restriction Act.

Of our own legislature we demand the abolition of all useless offices and a consolidation of the remaining ones, to the end that the fees and emoluments taken from the people shall be decreased to the lowest practicable point.

And we instruct our nominee to the Legislature, if elected to work to that end.

We request our Legislature to memorialize Congress to make appropriations for the purpose of building bridges across our rivers and the construction of military roads in the sparsely settled portions of the Territory.

Whereas, Public schools are among the most important county institutions, we therefore recommend to the proper authorities a stricter examination into the qualifications of teachers, in order to secure teaching talent, which will compare favorably with that of any County, State or Territory.

We favor the passage of an act creating Supervisor Districts in each county.

We have been deprived through a Territorial form of government of many rights and advantages, which are enjoyed by those of our fellow citizens who reside in States. Seeing the hands of our Delegates to Congress tied, and himself handicapped, his political influence thus reduced to a nullity, not even a single one of his constituency permitted a voice or vote in the selection of our Chief Magistrate, the question of admission into statehood, to remedy all these evils, has become a most important and momentous one, and we desire our Delegates to make known to the Territorial Convention, that the Democrats of Gila County are in favor of admission into statehood, provided that our Territory contains such number of inhabitants, and such amount of taxable property as has been claimed for us, before Congress in Washington, and that nothing, in the opinion of the Democrats of this county, would be more deplorable, than to rush into statehood, without the existence of the above stated conditions and facts—for such a course would only lead to worse evils, than those, from which we desire to be freed.

P. T. Robertson, Geo. Atkins, J. W. Ellison were chosen delegates to the Territorial Convention to meet in Phoenix, September 15th. Delegates were instructed to support Mark Smith for renomination as Delegate to Congress.

Following is the ticket placed in nomination:

Connellman—U. Z. Curtis, Assemblyman—R. B. Moore, Probate Judge—Job Atkins, District Attorney—J. D. McCabe, Sheriff—J. H. Thompson, Treasurer—T. A. Loneragan, Recorder—Geo. W. P. Hunt, Surveyor—Q. C. Tebbis, Supervisors—J. W. Ellison, Justices of Peace—Globe Precinct, E. J. Cook, Harry Temple, Constables—Globe Precinct, Ed. Tewksbury, Geo. Pemberton.

COUNTY CENTRAL COMMITTEE: Walker Moore, Rim Rock Precinct. J. N. Clanton, Reno Precinct. U. Z. Curtis, Payson Precinct. M. F. Callahan, McMillen Precinct. Geo. W. Jacobs, Grapevine Precinct. J. P. Hazelwood, Pleasant Valley Precinct.

J. D. Boyd, Rye Precinct. Fred. Stanton, Upper Tonto Precinct. John McDonald, Pine Precinct. Al. Sieber, San Carlos Precinct. W. H. Sutherland, Pioneer Precinct. N. H. Price, Stanton Precinct. S. Tidwell, Miami Precinct. Jas. Patton, A. Graydon, A. Kinney, A. Trippel and J. Fredericks, Globe Precinct.

The Quartz Mining Company commenced packing ore from the Loco mine to the Nugget mill on Thursday. They have 100 tons of it, but will work only 30 tons now. The stamps commenced to drop this morning. A lot of low grade ore from the Rescue, and some from other claims at Quartzite will next be worked. It is expected to keep the mill in constant operation.

One hundred dollars had been subscribed on Wednesday by Globe business men toward repairing the Richmond Basin road. Work is to begin at once.

Fresh candies, the very best, at the Post Office Store.

McMillen, one of the best silver camps in Gila county, is idle and with little hope of a resumption of work, for the reason that it lies a few miles within the boundary of the White Mountain reservation. The Stonewall Jackson mine, located there, is noted for having produced large quantities of native silver, specimens of which (slabs of almost pure silver) were placed on exhibition in San Francisco and attracted much attention. The Stonewall Jackson mine, one of many claims on the same ledge, which would be developed were it not for the fact of their being on Indian land, is a very rich mine. The mine must lie dormant until such time as Congress may see fit to segregate a small strip along the western side of the reserve, which would make no appreciable difference in its size, and would be of greater advantage to Globe and Gila county than anything else to be desired.

"The ubiquitous Kid," says the Willcox Stockman of the 6th inst., "has been heard from again. On Monday of this week he was in the Turnbull mountains, about thirty miles southeast of San Carlos. He sent his squaw to San Carlos with injunctions to return to her people, and is now all alone. The squaw says the Kid has only one horse, is without a saddle, but has a carbine and plenty of ammunition. Troops and scouts were sent to the Turnbull mountains to attempt the Kid's capture, but as yet they have failed to do so. Chiquito, the only Indian left of the Kid's band, we believe, is supposed to be somewhere in the Arizpa county."

Chiquito is also a murderer, having killed a Mexican in the valley of the San Pedro, which was the cause of his giving leg bail.

A pack train arrived from Richmond Basin on Wednesday with 3½ tons of ore mined by Messrs. Henry, Gill and Johnson, from the Mack Morris mine. About two-thirds of it assays upwards of 1000 ounces, and the balance 500 ounces in silver. It will be shipped to Denver for reduction. Moyle and Vielte have about two tons and Joe Brewster a like quantity ready for shipment. Gebbledek and partners, on the Grab Stake of the Mack Morris have a foot of glance ore. John Henck and Henry Bopp, who commenced work about ten days ago on a portion of the Mack Morris claim, have a good showing of free milling ore. A. R. Young has leased his claim at the Basin to Ben. Williams, Dan McFarland and J. James. The latter is at work on the claim.

It is very slowly maintained that the Southern Pacific people have purchased the Mineral Belt road. If this is true it means that they propose to connect that line with their main road to which it shall be a feeder; and that they propose to get access to the lumber and coal regions of the northeastern portion of the Territory over their own lines and possibly unite with the Union Pacific now building southwest in northern New Mexico. —Phoenix Herald.

The Kingman public school will open on Monday next, with Mrs. J. C. Ogden as teacher. She has the reputation of being a very successful teacher, and it is hoped that the school will be something more than a name during the ensuing term. —Mohave Miner.

ATTENTION STOCKMEN.—There will be a meeting of the stockmen at the Court House, in Globe, on Saturday, September, for the purpose of organizing a general round-up of stock.

By order, STOCKMEN.

Phin Clanton, who was, about a year ago, pardoned out of the Territorial prison, where he was sent from Apache county for cattle stealing, is under arrest at Clifton. Charge, handling cattle not his own. Clanton says he is innocent. —Stockman.

The Clantons during the infantile days of Globe, were residents here. They were then, although not the possessors of a polyglot family bible, not regarded as bad, but occasionally lively. The old man was fond of tea, and prevailed on Bill Reed, also a pioneer, to make him some, and being of a generous disposition, made it strong, using a half pound on that occasion and would have used twice the number of ounces had it been within reach.

The Clantons lived in a dug-out, in the side of the hill on Pine street. The roof of the mansion was on a level with the top of the hill and when they left it they neglected to cover the hole which gave access to smoke. As a consequence, it became a man trap and caught Mike Whalen, who being in his cups or, in common parlance, drunk, imagined he had fallen into a mining shaft. Not liking the situation, Mike made an outcry for help, and some of the boys, who were also on a lark, heard him, procured a rope and drew him up through the chimney to where he could again view the blinking stars. Mike, although not bruised, was very much discolored but happily he was restored to citizenship through the wise provision of the XVIII amendment to the U. S. constitution, which rendered ebriety men equals of the whites.

In the original assignment of subdivisions of incipient Globe, block 85 was given to Phin Clanton.

Another lot of ore arrived from Richmond Basin yesterday.

Cap. Hender, who came in yesterday from Pioneer, reports chloriding active at that camp. Considerable silver is being mined.

J. Myers will start for San Francisco tomorrow. His son, who arrived yesterday, will take charge of the business here during his father's absence.

Will H. Gill, representing the Arizona Republican of Phoenix, arrived on yesterday's buckboard, and returned to Phoenix this morning, having been recalled on urgent business. He will be in Globe again next week.

Buckboard service has been re-established between Globe and Riverside, although the road is yet in such bad condition that the mail seldom arrives on schedule time. The portion of the road in this county should be repaired at once.

A supper was given by Prof. James Douglass on Thursday evening, which was a very enjoyable affair. Those present were, Prof. Douglass, Col. Wm. Herring, Ben. Williams, James Douglass, Jr., Dr. Alex. Trippel, A. L. Walker, H. C. Hitchcock, C. T. Martin and A. R. Lender.

Chas. W. Horrell left for Del Rio, Texas, yesterday morning in response to a telegram stating that his father, J. W. Horrell, who is visiting springs fifteen miles from that place, in Mexico, was in a helpless condition and needed assistance. Charley will bring his father home at once, if he finds that he is able to travel.

TO THE LADIES.—We have made the following reductions in both plain and figured satteens:

From 35 cents to 25 cents.
From 30 cents to 20 cents.
From 25 cents to 17 cents.
From 20 cents to 14 cents.
Laws reduced accordingly.

A. BAILEY & CO.

The Republican primaries for the election of delegates to the County Convention, to meet September 20th, were held last Saturday. Following are the names of delegates chosen to represent Globe precinct:

Charles Banker, T. A. Pascoe, Frank Beston, Geo. C. Strong, H. C. Hitchcock, C. E. Taylor, David S. Heron, G. S. Van Wageningen, Eugene Lewis, James Wiley, J. H. Hamill, A. R. Young.

SUMMER COMPLAINT.—A druggist at Britt, Hancock county, Iowa, relates his experience with this disease as follows: During the summer of 1882, my little girl, two years of age, was taken seriously ill with summer complaint, so common to children of that age, and after being treated by a physician and getting no better, I took from my shelves a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. She felt relieved after the first dose, and in three days was entirely well. —ALEX. MOIR.

A rifle which belonged to Sheriff Reynolds and was carried by his deputy W. A. Holmes when those two officers were overpowered and murdered November 24, 1889, near Riverside, in Pinal county, by Apache convicts whom they were conveying to the Yuma prison, has been recovered, and is now in the possession of the Probate Judge of Gila county, who will surrender it to the widow of the deceased Reynolds, now in Texas. Its recovery is due to the agency of the United States military officers, who have been assiduous in the pursuit of the escaped convicts and murderers.

We have heard that a number of Mexicans have applied and that others will also ask to be registered. Among a number of those who together applied, the registering officer said, not one could qualify. In another instance a Mexican who was not read up in regard to treaties between the United States and our sister republic, claimed citizenship under the treaty of Guadalupe-Hidalgo, proclaimed July 4th, 1848, which made citizens of the United States of those within the ceded Territory, remaining and failing, within one year, to declare their intention to retain the character of Mexicans. The gentleman unable to produce naturalization papers who, for the time being, in order to vote, although evidently eleven or twelve years younger than the date of the treaty of 1848, was willing to swear that by virtue of Article 8, of that instrument he became a citizen of the United States, and, therefore, entitled to vote "early and often." His is not an isolated case; the treaty, although forty-two years have elapsed since the date of its ratification, is still an important factor in States and Territories of the United States bordering on Mexico.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effective to cleanse the system gently in the spring time or, in fact, at any time and the better it is known the more popular it becomes.

Guadalupe, his two sons, Batdish, Nat-in and another Indian, Bak-ele, are held without bond to await the action of the grand jury upon the charge of murdering Ed. Baker. They did not avail themselves of the opportunity offered to make a statement, which the Justice explained the law permitted. Guadalupe, the elder of the accused, previous to his arraignment, was most profuse in his version of the affair, but unfortunately for himself, his various "talks" were, in many particulars, contradictory. He, however, manifested a desire to culpate Bak-ele who was not of his kith or kin, but of his band, and throughout stoutly maintained his belief that one person, alone, was guilty of the crime. He based his opinion "because the scouts told him so." The fact that three persons, and probably a fourth, had a hand in the murder, is beyond controversy. That there were three, signs to the discerning eye attest, and as easily understood as the letters of the alphabet.

Professor James Douglass, President of the Copper Queen Company, and Ben Williams, Superintendent, Colonel Wm. Herring, legal advisor, and Mr. Douglass, junior, were visitors to Globe the present week. They inspected the Long Island group and adjoining copper claims, and examined titles to the same. They also visited the Old Dominion and Buffalo copper properties. They were, we are informed, very favorably impressed with Globe as a copper district, and their visit may result in the purchase of a number of claims here by the capitalists whom they represent.

HE WAS ASHAMED
To Ask Again, but His Frank Letter Got It for Him.

A few months ago one of the unfortunate inmates in the San Francisco Alms house was inspired by the sensational statements in the newspapers with the belief that Joy's Vegetable Jarsapilla would help him. But without money, how to get it was the question. Finally he wrote to the Editor of the Globe, appealing to their generosity, and it was not unheeded, the coveted preparation being sent by the next parcel delivery. Its effect is best told in a subsequent letter, from which we quote the following:

"I suppose you know me by this writing, and my circumstances and condition. Although I am improving, I ask of your generosity for another bottle of your Joy's Vegetable Jarsapilla. The action of its laxative properties is perfect, and it is so thoroughly regulated my condition, that my catarrh, rheumatism, constipation, and indigestion are all better. I feel ashamed to ask in this way, but what shall I do? I thought I might not need any more, but I am now so anxious to keep it up, but you know how it is."

Put on the Brakes.

If you find you are going down hill in point of health. Failing strength, impaired digestion and assimilation are the marks of decline. Check these and other indications of premature decay with the grand vitality and restraining tonic, Hostetter's Stomach Bitters. Beginning at the fountain head, the stomach, the Bitters remedies its inefficiency, corrects its errors, and sets it vigorously at work. The digestive organ is thus enabled to thoroughly separate from the food its nutritive principles, which the blood assimilating, is enriched. Thus is the system nourished, and being nourished strengthened, and abnormal waste of its tissues stayed. Appetite, the power to rest well, a regular habit are also re-established, and the various functions move once more in their natural and healthful groove. The Bitters, moreover, is a specific for and preventive of malarial complaints; rheumatism, biliousness and kidney troubles.

"For summer complaint," says Ben L. Bear, a prominent druggist of Los Angeles, Cal., "I know of no remedy so sure and safe to use as Chamberlain's Colic, Cholera and Diarrhoea Remedy." Mr. Bear is not alone in entertaining that opinion, as, wherever known, the Remedy is praised by all who use it. For sale by H. C. Hitchcock.

Political Announcements.

GEO. W. P. HUNT is the Democratic Nominee for the office of COUNTY RECORDER of Gila County.

THOMAS A. LONERGAN is the Democratic Nominee for the office of COUNTY TREASURER of Gila County.

J. D. McCABE is the Democratic Nominee for the office of DISTRICT ATTORNEY of Gila County.

J. H. THOMPSON is the Democratic Nominee for the office of SHERIFF of Gila County.

J. W. WENTWORTH announces himself a candidate for the office of DISTRICT ATTORNEY, subject to the action of the Republican County Convention.

CHAS. T. MARTIN announces himself a candidate for reelection to the office of COUNTY RECORDER, subject to the action of the Republican County Convention.

GEORGE E. SHUTE announces himself a candidate for the office of SHERIFF, subject to the action of the Republican County Convention.

NOTICE TO TAX-PAYERS.

NOTICE IS HEREBY GIVEN THAT the Duplicate Assessment Roll of Gila County, Arizona Territory, for the year 1899, is now in my possession for collection of taxes levied thereon, and that said taxes will be delinquent on the third (3rd) Monday of December 1899, and that unless paid on that day or prior thereto, one and one-half (1½) per cent. per month, during the time the said taxes shall be delinquent, together with accruing costs, will be added to the amount thereof as a penalty.

Taxes are payable at my office, in the County Court House, between the hours of 9 a. m. and 5 p. m., every day except holidays. Globe, Arizona, Sept. 13, 1900.

W. W. BROOKNER,
Tax Collector of Gila County, Arizona Territory.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1885.
